Beachcomber All-Inclusive Package

Guests at Victoria have the option of purchasing an all-inclusive package, which includes most meals and drinks for the duration of their stay from time of arrival to time of departure. The half-board package is still available for those not wishing to pay the all-inclusive rate. The all-inclusive package is paid for in advance and the rates must apply to all adults and children travelling together. Half-board and all-inclusive guests are accommodated on the same conditions when dining à la carte, where a set amount is payable per dish selected. The all-inclusive package is fully interchangeable with both Mauricia and Canonnier. Victoria clients are to note though that the Mauricia and Canonnier all-inclusive package inclusions will be available to them at these two properties, not the upgraded Victoria package's inclusions. Please enquire for more details.
 Groups accommodated on different all-inclusive conditions.

Restaurants

While dress is casual during the day, evenings call for smart casual dress, with long trousers and closed shoes for the men. There are three restaurants.
